Intent to run for a Directors seat in the 2019 River Ridge Election

Fellow Property Owners, my name is Kevin Jetter and I am asking for your vote in our upcoming election. I have previously served on the Board from 2012 until 2018. I have accomplished many goals while serving but there are many more that need our attention.

River Ridge is our community and if elected I will continue to help improve and update all common properties to improve our property value. Nothing can happen overnight; I have been and will be dedicated to serving you while in office.

During the last few years, I feel that we have many different groups trying to improve River Ridge. I will try to bring these separate groups together to work as one team to accomplish our mission, to make River Ridge a family friendly campground again.

I have a good rapport with local law enforcement and rescue squad personnel and will continue to work with them to make River Ridge safe for all of our owners. I have assisted them on many calls and will keep responding when needed.

Since my term expired last August, I have continued to support the current Board. I have served as co-chair for three departments (golf course, maintenance, and security). After this election, no matter the results, I will do my best for River Ridge and all of the Property Owners by improving our community.

Thank You

Kevin Jetter
